COSM COMBINED
OTOLARYNGOLOGY
SPRING MEETINGS

Dear Colleague:

On behalf of the Secretaries Liaison Committee, we invite you to join us for the COSM 2016 meeting, May 18-22, in Chicago.

COSM Societies received a record number of abstracts and have developed an exceptional scientific meeting. The Spring Meetings will include pertinent research, clinical specialty updates, and an opportunity to network with your colleagues.

The scientific meetings and all social/business events will be located in the Hyatt Regency in downtown Chicago. Set within the epicenter of the Windy City, the meeting is steps away from the Magnificent Mile, Navy Pier, shops on Michigan Avenue, and Millennium Park on Lake Michigan.

The exhibits are a vital part of COSM, and you'll have ample opportunity to see the latest products and services related to your specialty. Please note that the exhibit hall will be open on Thursday, Friday, and Saturday and will include a daily raffle for a chance to win prizes.

This year's COSM meeting promises to be one of our best— with a wide scope of papers, posters and panels covering all aspects of our specialty. We encourage you to participate in this educational experience and register online at www.cosm.md!

We look forward to seeing you in Chicago!

MISSION

The mission of the Combined Otolaryngology Spring Meetings (COSM) is to bring together the membership of the COSM societies, Otolaryngology residents in training, medical students and allied health professionals for the purpose of disseminating and exchanging the latest cutting edge clinical and basic scientific research. COSM is the premier educational and technology forum for providing the sub specialties in Otolaryngology – Head and Neck Surgery with an opportunity to improve and expand their knowledge and skills thereby enhancing the quality of patient care.

What is COSM?

The Combined Otolaryngology Spring Meetings is comprised of nine societies that join together once a year to share, exchange, and discuss the latest research, advances, and hot topics in the field of otolaryngology. This meeting provides an opportunity to compare varying experiences within

several interesting and important areas of otolaryngology. It also provides the opportunity to view over 800 poster presentations and discuss the research with the authors. In addition, more than 90 companies exhibit at COSM to display the latest technology and products and to discuss recent trends within the field. You don't want to miss this great educational opportunity to attend a meeting

that fosters communication among otolaryngology-related subspecialties and is a forum to exchange a wide range of ideas. For more information regarding the scientific programs and educational offerings at COSM, visit the Web site at www.cosm.md. Each participating society provides a link to its individual web site where program information can be viewed.

Housing Reservations Deadline Hyatt Regency Chicago—April 25, 2016

HOUSING INFORMATION

To obtain the necessary amount of meeting and exhibit space at Hyatt Regency Chicago, COSM must commit to using a minimum number of guest rooms. If that commitment is not met, COSM will incur significant financial penalties and it will cause a major impact on the future programs that COSM is able to offer. By booking your room at the Hyatt Regency Chicago in the room block, you will help COSM meet their hotel obligation. We thank you in advance for your assistance. Rooms are assigned on a first-come, first-served basis as received by the hotel. In some instances, the room block sells out before the stated cutoff date, therefore we encourage you to make a reservation early.

HEADQUARTERS HOTEL
