

American Broncho-Esophagological Association

COSM 2025 Agenda

New Orleans, LA | May 14-18, 2025

Thursday, May 15 – Morning

Location: Empire CD

6:30am	ABEA Check-In Open	
7:00-8:00am	ABEA Business Meeting – <i>Members Only</i>	
8:00-8:10am	President's Introduction	Michael Pitman, MD
8:10-8:25am	Young Investigator Award Presentation	Shumon Dhar, MD
8:25-8:30am	Announce New Investigator Award	Rebecca Howell, MD
8:30-9:15am	Scientific Session I: Airway	Moderators: Hayley Born, MD, MS, & Alexander Hillel, MD
8:30am	How I Do It: The Coloraddern Technique for Subglottic Stenosis	Matthew Clary, MD
8:40am	Outcomes in Awake Laser Laryngeal Stenosis Surgery (ALLSS): A 5-Year Retrospective Review	Alexandra D'Oto, MD
8:45am	Treatment of Refractory Chronic Cough with Sodium Alginate Barrier Agents	Isabela H. Schettini, MD
8:50am	Advancing Stridor Detection with Artificial Intelligence and Bridge2AI Voice Data	Veronica Daoud, BS
8:55am	Prospective Crossover Comparison Between the Airway-Exchange Broncholarngoscope and the Aintree Intubation Catheter	Roger Boles, MD
9:00am	Quantification of Jet Ventilation Aerosol Content Using Background-Oriented Schlieren Imaging	N. Scott Howard, MD, MBA, FACS
9:05-9:15am	Discussion	
9:15-9:45am	Panel I: Endoscopic Zenker's Panel	Dale Ekbohm, MD; Edward Damrose, MD; Pavan Mallur, MD; Andrew McWhorter, MD Moderator: Rebecca Howell, MD
9:45-9:55am	Discussion	
9:55-10:20am	Morning Break	
10:20-11:15am	Scientific Session II: Dysphagia	Moderators: Anise Rameau, MD & Derrick Randall, MD
10:20am	How I Do It: In-Office Botulinum Toxin Injection for Retrograde CP Dysfunction	Michael Pitman, MD
10:30am	Pill Shape Determines Oesophageal Transit Time - A Pill to Pill Study	Jacqui Allen, MD
10:35am	Associations Between Dysphagia, Frailty, Cognition, and Peak Air Flow in Older Adults: A Cross-Sectional Study of the NHATS Database	Vinayak Ganesan, BS
10:40am	An Easier Pill to Swallow: A Longitudinal look at Post-Surgical Patients of the Prospective Outcomes of Cricopharyngeal Hypertonicity (POuCH) Collaborative	Mallory G. McKeon, MD
10:45am	Sounding out Dysphagia: Using a Digital Stethoscope to Assess Audiometric Differences in Patients with Swallow Dysfunction on FEES	Andrew Yousef, MD
10:50am	Incidence and Predictors of Oropharyngeal Dysphagia Following Lung Transplantation	Rachel Kutler, BA
10:55-11:05am	Discussion	
11:05-11:35am	Panel 2: International Laser Forum: Which Laser, What Settings, and Why?" (International Panel sponsored by the Voice Health Institute)	Seth Dailey, MD (USA); Shigeru Hirano, MD, PhD (Japan); Taner Yilmaz, MD (Turkey); Ying-Ta Lai, MD (Taiwan) Moderator: Nupur Kapoor Nerurkar, MD (India)
11:35-11:45am	Discussion	
11:45am	Adjourn	
11:50am-12:00pm	Member Photo	
12:00-1:00pm	Lunch	

American Broncho-Esophagological Association

COSM 2025 Agenda

New Orleans, LA | May 14-18, 2025

Thursday, May 15 – Afternoon

Location: Empire CD

1:00-1:10pm	Welcome / Chevalier Jackson Award	Michael Pitman, MD
1:10-1:40pm	Chevalier Jackson Lecture: Thinking About Thinking: Cognitive Bias and Medical Error	Ellis Arjmand, MD, MMM, PhD
1:40-1:50pm	Discussion	Moderator: Michael Pitman, MD
1:50-2:45pm	Scientific Session III: Pediatric	Moderators: James Scott McMurray, MD; Seckin Ulualp, MD
1:55pm	“How I Do It: Pediatric Slide Tracheoplasty: Running Horizontal Mattress Suture Technique for Prevention of Figure of Eight Deformity”	Mark Gerber, MD
2:05pm	Incidence, Risk Factors, and Outcomes of Suprastomal Collapse Following Pediatric Tracheostomy	Ashley Young, MD
2:10pm	Standardizing Management of Pediatric Vocal Fold Immobility After Cardiac Surgery	Lacey Nelson, MD
2:15pm	Otolaryngology-Focused Risk Stratification for Postoperative Dysphagia in Pediatric Cardiac Surgery	Matthew Zhang, BA
2:20pm	A Clinical Consensus Statement on the Screening, Diagnosis, and Management of Pulmonary Recurrent Respiratory Papillomatosis	Nikita Kohli, MD
2:25pm	Mechanisms of Improving Feeding Function with Capsaicin Following Local Anesthesia in an Infant Animal Model	Chloe Edmonds, PhD
2:30pm	Serologic Inflammation in Complex Aerodigestive Pediatric Patients	Nomongo Dorjsuren, BA
2:35-2:45pm	Discussion	
2:45-3:10pm	Scientific Session IV: Foreign Body	Moderator: Kris Jatana, MD, FAAP, FACS
2:45pm	Unique Foreign Bodies: Complex Decision Making in a Complicated Case	Max M. April, MD, FAAP, FACS
2:48pm	From Beer Pong to the OR: Management of Metallic Bottlecap Foreign Body Ingestion	Richa Nathan, BS
2:51pm	Foreign Body Complication of Tracheostomy Tube Fatigue: A Case for Routine Surveillance	Dr. Clariliz Munet Colón, MD
2:54pm	A Lot on the Line: Case of a Barbed Fishhook Embedded in the Palatine Tonsil	Mallory G McKeon, MD
2:57pm	Transoral Robotic-Assisted Removal of a Submucosal Pyriform Sinus Foreign Body	Elisabeth Wenneker, MD
3:00-3:05pm	Discussion	
3:05-3:10pm	Foreign Body Award Presentation and Foreign Body Program Update	Kris Jatana, MD, FAAP, FACS
3:10-3:30pm	Afternoon Break	
3:30pm	Welcome / Introduce Jamie Koufamn Lecture	Stacey Halum, MD
3:30-4:00pm	Koufman Lecture: In Search of Laryngology's Holy Grail: Reanimation of the Paralyzed Larynx	Marshall Smith, MD, FACS
4:00-4:10pm	Discussion	Moderator: Stacey Halum, MD
4:10-4:45pm	Scientific Session V	Moderators: Maggie Khun, MD; Neel K. Bhatt, MD
4:15pm	“How I Do It: Piezoelectric Phonosurgery: A Novel Technique for Thyroplasty Window and Arytenoid Adduction”	John Paul Giliberto, MD
4:25pm	NOTCH3 Expressing Pro-fibrotic CD90+/ αSMA+ fibroblasts are increased in Idiopathic Subglottic Stenosis	Kevin Motz, MD
4:30pm	Prospective Analysis of Previous or Concurrent Neuromodulator Therapy in Patients Undergoing Superior Laryngeal Nerve Block	William Liu, BS
4:35pm	DNA Immunotherapy (INO-3107) Durability and Long-Term Clinical Effect in Treatment of Recurrent Respiratory Papillomatosis Caused by HPV 6 & 11	Jeffrey Skolnik, MD
4:40pm	Safety and Efficacy of Repeat Administration and Dose Escalation of DaxibotulinumtoxinA-lanm (Daxi) Versus OnabotulinumtoxinA (BtxA) for Adductor Type Laryngeal Dystonia (AdLD)	Camryn Marshall, BS
4:45pm	Nebulized ECM Rescue Device (NERD) for Targeted Therapy in Vocal Fold Injuries	Nour Awad, MD
4:50-5:00pm	Discussion	
5:00pm	Adjourn	
5:00-6:30pm	Member Reception – Room: Strand 4	

Friday, May 16

Location: Celestin E

7:00am	ABEA Check-in Open	
7:00-8:00am	DSS Meeting featuring Keynote Speaker: Rumi Ueha, MD, PhD	
8:00-8:05am	Welcome	Stacey Halum, MD
8:05-8:15am	Presentation of Poster Awards	Michael Pitman, MD
8:15-8:30am	Presidential Gratitude and Citations	Michael Pitman, MD
8:30-9:00am	Panel 3: Herding Zebras	Moderator: Matthew Naunheim, MD
8:50-9:00am	Discussion	
9:05-9:55am	Scientific Session VI	Moderators: Philip Weissbrod, MD; Milan Amin, MD
9:05am	How I Do It: Sometimes Less REALLY is More	Greg Postma, MD
9:15am	Primary and Secondary Treatment Outcomes for Retrograde Cricopharyngeus Dysfunction	Sana Siddiqui, MD
9:20am	Comparing Oral and Laryngeal Microbiomes: Insights for Non-Invasive Sampling	Emma Thompson, BA
9:25am	Heart Rate as a Predictor of Six-Month Pneumonia Risk in Patients with Dysphagia	Yuval Nachalon, MD
9:30am	Patients with Chronic Aspiration Have Distinct Extracellular Vesicle Profiles	Nina Zhao, MD, MAEd
9:35am	Endoscopic Visualization of Aspiration Following Recurrent Laryngeal Nerve Injury in A Rat Model	Mahdi Al-ghezi, BS
9:40-9:50am	Discussion	
9:50-10:20am	Morning Break	
10:20-10:55am	Presidential Address: Keynote Speaker – Navigating Change	Mark Gerber, MD
10:55-11:05am	Discussion	Moderator: Michael Pitman, MD
11:05-11:50am	Scientific Session VII	Moderators: Neil Chadra, MD; Nikita Kohli, MD
11:05am	How I Do It: Endoscopic Posterior Rotation Flap for Posterior Glottic Insufficiency	Julina Ongkasuwan, MD
11:15am	Maddern Endoscopic Resection and Epithelial Grafting Has Durable Outcomes in Idiopathic Subglottic Stenosis	Alexander Hillel, MD
11:20am	Histamine 2-Receptor Antagonists Tachyphylaxis: A Scoping Review	James H. Clark, MB, BCh, BAO
11:25am	Validation of a Microaspiration Pneumonia Mouse Model Due to Dysfunctional Oropharyngeal Swallowing	Shuntaro Soejima, MD, PhD
11:30am	Simultaneous Upper Airway Dilation and Ventilation with the Trachealator: Technical Pearls and Pitfalls	Tyler Crosby, MD
11:35am	Awake In-Office CO2 Laser Treatment of Subglottic Stenosis	Joseph Connors, MD
11:40-11:50am	Discussion	
11:50am	Introduction of New President	
12:00pm	Adjourn	Stacey Halum, MD
12:30-2:30pm	ABEA Council Meeting – Room: Strand 12A	
5:30-7:00pm	Poster Session	
6:30-8:00pm	Presidential Cocktail Hour – Location: The House of Blues
